

Dream a little dream

4
Stars shi·ning bright a - bove you, night breezes seem to
8
whi·sper 'I love you'. Birds singing in the syc·a - more tree,
11
dream a lit - tle dream of me. Say 'night·ie·night' and
14
kiss me. Just hold me tight and tell me you'll miss me.
17
While I'm a·lone and blue as can be, dream a lit - tle dream of me.
21
Stars fad·ing, but I lin·ger on, dear, still cra·ving your kiss;
25
I'm long·ing to lin - ger till dawn, dear, just say·ing this:
29
Sweet dreams till sun·beams find you, Sweet dreams that leave all
32
worries be - hind you, but in your dreams, what - ev - er they be,
35
Dream a lit - tle dream of me. me.
